ADDITION TO RATLEY HOME NEAR COMPLETION

Captain L. O. Ratley, Jr., of Washington, D. C., while visiting here, began construction last week of an addition to his mother's (Mrs. L. O. Ratley) home. He was joined by fifteen men, friends and neighbors of the family, for a two day building bee. The new bedroom and extension to the living room went up like magic.

A group of women gathered both days at noon to serve dinner for the carpenters. With the work nearing completion, friends and the family are all made happy thru this old-time gesture of helpfulness.

A TASTE OF THE BETTER

(Continued from Page 1) When before is there a series of particularities each independent and going it alone.

"The great need in our country," said Mr. Rao, "is food for our millions. In one territory he pointed out that the population is approximately two persons per acre. Water control, irrigation and drainage, as well as Valley Authorities, such as your TVA, are being begun, so that two and three crops per year may be obtained."

"We are trying to give our countrymen a taste of the better way of life, and feel quite sure that once that taste is made available our country will not be subject to the dangers of the 'isms' now prevalent in the world."

Asked about the caste system and the various religions of the Indians, the audience was told that these castes are meaningless and less actually, though no less effective, is acknowledged in the laws of the country.

The religious beliefs of the several groups do interfere with them working together in business nor in government, according to the visitors.

The audience was reminded that the first Ambassador to America from the newly recognized Free Nation was a woman. Women, as such, are recognized in India both in business and government.

By the earnest effort to make clear to the audience that "the common people" of India are to be the great beneficiaries of the present undertaking, the two visitors broadened the appreciation of the group of the problems of this sister nation.

Tribute was paid to the American people contacted during the present trip, "because it has given us a different picture of the average American."

"We have formed our opinions of you from your cinemas, from magazines and newspapers, but found that actually you are quite different from that opinion," said Mr. Rao.

GTS ELIGIBLE FOR HOMESTEAD ENTRY ON IDAHO LANDS

The Federal Bureau of Reclamation announces the opening of homestead entry of 7,200 acres of irrigable public lands, comprising 72 farm units, on the north side pumping division of the Minidoka Project in southern Idaho.

Veterans who have 90 days or more of active, honorable service between September 16, 1940 and July 3, 1952, have preference in acquiring the units which, under the Homestead Act, are offered first to the successful applicants. Veterans application should be received in the office of Bureau of Reclamation, 11th and E Street, Rupert, Idaho, by July 20, 1952, to qualify for the public drawing to determine the winner.

To qualify for a farm, the veteran must have had at least two years of farming experience, he must intend to engage in farming, and he must possess assets worth at least \$4,500 in excess of his liabilities.

Nationally speaking, the trucking industry provides direct employment for more than 5,600,000 workers — three-and-one-half times as many jobs as the huge railroad industry.

OUTLINE FOR THE INTERNATIONAL SUNDAY SCHOOL LESSON, JULY 5, 1953

LESSON TOPIC—"The Righteousness and Justice of God"

LESSON TEXT—Romans 1:8-17; 2:1-2; 3:21-24

BACKGROUND SCRIPTURE—Romans 1-3

INTRODUCTION: The Epistle to the Romans is one of the greatest of all religious writings. Under the inspiration of God, Paul sets forth in this epistle a full and highly significant statement of how the providence of God in behalf of man's salvation came to fulfillment in the life, ministry, death, resurrection and ascension of Jesus.

In today's lesson Paul sets forth God's fairness in His dealings with all men and shows how the righteousness of God is revealed in His providing a way of Salvation, unmerited and gained through faith alone.

I. Greeting to the Brethren—Rom. 1:8-12

II. Paul's Projected Visit—Rom. 1:13-17

III. The Epistle That Men Know—Rom. 1:17-22

IV. God's Full Righteousness—Rom. 3:21-24

The law had no life in it for redeeming the sinner. Something else was needed. And this something else God gave the world in Jesus Christ. To the Jew who could not live up to the Mosaic law and the Gentile who could not live up to the best that he knew, God offered power over sin to Jew and Gentile alike; in Jesus the promise was fulfilled. The Righteousness that man could not achieve, God now freely gave.

That was the Gospel of Paul to the Romans; and that is the Gospel today to everyone who will accept it in faith.

THIS WEEK'S SERMONETTE

TAKE TIME TO BE HOLY

By J. Curtis Manor, pastor

Church of Christ

One of the designs of singling in the New Testament is to "teach and admonish one another in psalms and hymns and spiritual songs" (Col. 3:16). In other words, we have been called to sing. All music as simply a means of diversion or entertainment, almost to the extent of losing sight of this real objective of church music, and so we of ten fail to appreciate the real significance of the message in the songs we sing. It is the purpose of this article to call attention to an example of teaching in song, as exemplified in the well-known and well-loved song, "Take Time To Be Holy."

This song undertakes to impress the idea that the living of the Christian life is something that requires considerable effort and attention on our part, and that the righteousness of God is well worth taking the time and care to seek after, to cultivate. It has been said, and quite truly, that anything worth doing at all is worth taking the time and care to do well. Yet people who claim to love God above all else are seemingly content to give Him the best place in their lives. They love Him, and want to go to heaven, but they not enough to take the time from worldly pursuits to prepare themselves for a home in heaven. They forget that heaven is a prepared place (John 14:23) for a prepared people (2 Pet.

1:3-11), and that preparation for any worthwhile position takes time and effort. Men spend years in school preparing themselves for the occupations and professions of this life. Many undergo years of apprenticeship and subsequently, as important as this time to prepare themselves to be worthy wives, mothers and homemakers. Is not godliness and the hope of an eternal life, as important as these temporal pursuits? Yet many a professed Christian spends no more than one or two hours a week in conscious, active participation for this greatest of aims. Girls will take even this amount of time is spent grudgingly.

Let us not deceive ourselves. It takes time to serve God—time to study His word that we may know Him in order to be like Him. Time to learn His will. Time to meditate upon His message, that we may have the wisdom and judgment to apply it properly to our own lives. Time to live the Christian life, to put into practice those things which, until they are translated into deeds of service to God and man, are simply so many words, "unto godliness" (1 Tim. 4:7). Time for prayer, for teaching, for personal evangelism, for Christian fellowship. Do you really WANT to be holy?—Then take TIME to be holy.

Built to take Tractor Service

DEARBORN WAGON*

*Rubber tires and box or rack not supplied with wagon.

The power of modern tractors is just too much for old-fashioned wagons. They can't take it—for long. You don't have to worry about "baby-sitting" this DeARBORN Wagon. It's really built for tractor service. It has a rated capacity of 5000 pounds. Automotive type steering permits the front axle to always remain in line with the rocking bolster. Tie rods give you accurate wheel adjustment and minimize "shimmy." Tapered roller bearings in all wheels cut friction, prevent axle and hub wear, provide ample load capacity, remove speed restrictions. Telescopic reach gives wheelbase of 7 to 10 1/2 feet.
